W. C. Ferguson
Long Island Vol. 312
Errata. July 13 - Dec 31 1917

Myrica Gale & Carolinensis Should Read
" Carolinensis.
Aster Multiflorus alt Gandn Cat
Should read Aster vimineus.
Rhus hirta a typhina Should
Read Rhus glabra
Acer Saccharum Should Read
Acer Palatinodes.
Some of the asters named before
Consulting the Botanic Gardn
probably not correct.

☞ Eupatorium Album p 12 & Sessilifolium
p 13 as well as many other plants
named by me in this book cannot
be taken as authoritative. They
were not Confirmed by experts 8/9/18
U.S.
Canada Golden Rod Should read Altissima
Authority B = Prof Burgess N.T. = Norman Taylor
P.W. = Percy Wilson

L. H. BIGLOW & COMPANY, INC., MAKERS, NEW YORK FORM 60-271588

Some plants in this diary not accurately named. Have transferred to my list of plants found in C. J. only those of which I am sure. Nat. 12/20/18

July 13. 1917. Hotel Champlain
Edith Bill & I arrived here this morning - Saw Eric at Plattsburg. In the afternoon walked to Salmon River - 3 miles.
Many wild flowers.
Four leaved Milk-Weed (Asclepias Quadrifolia)
Mountain Flowering Raspberry (Rubus odoratus)
Meadow-Rue (Thalictrum Polygamum)
Bill identified 69 Species.
Beautiful day.

14th Went to Plattsburg in the morning - visited Rifle Range. Eric came in the afternoon & stayed with us until 9 P.M. Sunday.

L. H. BIGLOW & COMPANY, INC., MAKERS, NEW YORK FORM 60-271598

15th Sunday - 1917 Started about -
Lated. Eric & Bill went -
Swimming in the Morning
16th At Camps all day.
Eric lunched with us.
17th Bill & I by tram to
Cadyville & walked to Plattsburg
Lunched there.
Many wild flowers we could
not identify.
18th Plattsburg in A.M. Saw
Eric start on 24 hour camping
trip with his squadron.
Ox-Eyed Daisy in the Afternoon
Harebell (Campanula Rotundifolia)
very beautiful growing from clefts
in the rocks. A beautiful
pink flower with Geranium like
leaves we could not identify Herb Robert (Robertianum)
Also Indian Hemp? (Apocynum Cannabinum)

L. H. BIGLOW & COMPANY, INC., MAKERS, NEW YORK FORM 60-271598

1917

19th To Plattsburg in motor car
Eric honored with seat.
10 P. M leave for home.
Made 32 Experiments (photographs)
Much impressed by high average
type of Men in Camps. ✓

July 2nd J. Meadow-hawk
in the afternoon. Billy.
Cranberries in flower in abundance
Carrion ———) Cannot identify
Sweet. Mint. Lower [illegible]
Rock Lettuce — in Mixed Garden
Prince Pumice (Rhus. Typhina)
Beautiful Bramble (Rubus Odoratus
Pubescens)
Meadow-Sweet (Spiraea Lobulata) ✓
Steeple bush " Tomentosa) ✓
Milk-weed. (Asclepias Incarnata) ✓
Golden aster (Chrysopsis Falcata) ✓

L. H. BIGELOW & COMPANY INC MAKERS NEW YORK

1917

Jul 21. 1917. From Gaston Cut, via old R.R. to Farmingdale in the morning. Bill

A white aster and fern petals, about 2 ft. high. Identified - Two plants of a tall purple aster about 8 inches high - Could identify neither.

Milkweed (Asclepias Verticillata)

Slender tobacco pale tube flower (Lobelia Spicata)

Smart-weed (Polygonum) just coming in bloom.

In a small piece of woods near Farmingdale

Shen-leaf (Pyrola Elliptica)

Spotted wintergreen (Chimaphila Maculata)

Bed of ferns, wonderful, exquisite. Plant in flower.

Wild Buckwheat? (Echeveria Vulgaris) by RR tracks.

L. H. BIGLOW & COMPANY, INC., MAKERS, NEW YORK FORM 60-271698

1917

all along the R.R. the characteristic flower, growing from the sand was the so called Yellow aster (Chrysopsis Falcata) ✓

July 24. Orange milkweed (Asclepias Fulvum)

July 25 - The beautiful wild pea yellow & red just going out of flower identified by Mr Butler of Flushing as ✓ Hoary Pea (Tephrosia Virginiana) And also going out of flower Star Grass (Aletris Farinosa) ✓ Found on golf links a single plant yellow flowers (Anthemis Tinctoria) ? ✓

July 26. Polygala Sanguinea on Golf links

July 27 - Walked to Oakland Golf links with Miss Jones Jamaica via Kissena Park very hot day humid - no breeze

L. H. BIGELOW & COMPANY, INC., NURSERIES, NEW YORK

1917

Jul 21 - Left Dutch Harbor on the Buckeye for Unalaska. Fine day. Saw Fulmars, Kittiwakes, Murres, Auklets, Puffins, Gulls, Cormorants, Albatross, Eagles, Ducks, Geese, Loons, Jaegers, Terns, Sea Otters, Porpoises, Whales, Sea Lions, Fur Seals, Harbor Seals, Sea Urchins, Starfish, Jellyfish, Crabs, Shrimps, Clams, Mussels, Barnacles, Sea Anemones, Sea Cucumbers, Sea Weeds, Kelp, Eel Grass, Rock Weed, Bull Kelp, Sea Lettuce, Coralline, Sponges, Hydroids, Bryozoans, Tunicates, Worms, Snails, Limpets, Chitons, Nudibranchs, Sea Slugs, Sea Hares, Squid, Octopus, Cuttlefish, Nautilus, Crinoids, Brittle Stars, Sea Stars, Sea Urchins, Sea Cucumbers, Sea Lilies, Sea Feathers, Sea Pens, Sea Whips, Sea Fans, Sea Rods, Sea Plumes, Sea Pansies, Sea Anemones, Corals

1917

Aug 4th Beautiful clear day
N.W. wind. With Billy to
Wyandanch returning from
Greenlawn. Walked about
Half-Hollow & Dix-Hills.
Where we lunched in the woods
Spread wonder-grass (Chimaphila
Maculata) very abundant.
Some in flower and finding
out fresh light green leaves in
marked contrast to the older dark
green. Barbudy - berry
(Matchelea Reflexa)
Back mackie - arrow-wood - ?
(Viburnum Dentatum)
Sweet Gale - Indian Tea (Myrica Gale)
Sweet Fern (Myrica asplenifolia)
Bayberry (Myrica-caroliniensis) on
Caudle Co. Golf links.
Poke-berry (Phytolacca Decandra) in
flower. Orange Milk Weed (Asclepias tuberosa)

L. H. BIGELOW & COMPANY INC., MAKERS, NEW YORK

Nettle - (Menstra Urens or Canadensis)
Common Nature mint - Yarrow odor.
Wild-Lettuce - Tall Lettuce (Lactuca Canadensis)
Hairy or Nut-wood Lettuce (Lactuca Hirsuta)
Late Common wild flowers.
Burdock (Arctium Lappa)
Small-leaved Burdock (Arctium Minus)
Curly-Dock. (Rumex Crispus)
Bitter Dock - (Rumex Obtusifolius)
Toad's Quarters - Goose-foot
(Chenopodium album)
Jerusalem Oak - Feather Geranium - ?
(Chenopodium botrys)
Pig-Weed. (Amaranthus Retroflexis) or Hybridus
Lobster Eater Spiked (Lobelia Spicata)
or Indian Tobacco (Lobelia Inflata)
Glauous, also on Hemp stem plant.
Way-Weed - Chamomile. (Anthemis Cotula)
Wood-land Sun-flower (Helianthus Divaricatus)
White Wood-land Aster (Aster Divaricatus)
The last very rare in the woods.

L. H. Bigelow & Co. Printers Inc. 70 5th Ave. New York

Aster Umbellatus –
Two Species 7 Golden-rod that I
Cannot identify.
Sunflower family!
Indian Pipe (Monotropa Uniflora)
Oil, one seen.

August 6 – Roman Wormwood or
Hog-weed. (Ambrosia Artemisiæfolia)
This is the plant I have mis-
taken for Jerusalem Oak –
(Chenopodium Botrys) One not sure
of identifying other taller.

August 10 – wet Bill, 1, where
is Lake Dunmore – Great Neck
Ragweed. (Ambrosia Trifida) Not-
Common. water plantain ✓
(Alisma Plantago-Aquatica) ✓
Iron-Weed. (Vernonia Noveboracensis) ✓

L. H. BIGELOW & COMPANY, 114 MERCER, NEW YORK

Boneset - Thoroughwort. (Eupatorium Perfoliatum) ✓
Blue Vervain (Verbena hastata) ✓
Spear Mint (Mentha Spicata.) ✓
Jack-in-the-pulpit (Arum acuminatum) ✓
Button-Bush (Cephalanthus occidentalis) ✓
Wild Bean-berry. (Actaea Alba) ✓
Pin berry.
Wake-robin or Deer-grass.
(Trillium Virginicum) ✓
Sweet Milkweed (Asclepias Incarnata)
Unicorn plant or bull-head-lily
very large leaves. (Rubus Villosus) ?
Wood Nettle, Richweed - Pilea pumila
Cucumber tree &c.

In the afternoon I walked to
Meadow-brook with Belle.
Brilliant Sunshine - Gorgeous display
of Tansies (Tanacetum Vulgare) ✓

J. H. Bill & Co. NEW YORK

1917

The dear light over the plains
Country is going very beautiful.
A wonderful charm of the
Open spaces.
By the cold rail-road, golden yellow
aster (Chrysopsis-falcata) still in
bloom, their stiff (Datura Stramonium)
In the meadow
Sweet-brush (Spiraea Tomentosa)
in abundance also Spiraea Meadow
Sweet (Spiraea latifolia)
Blue-sel- (Eupatorium perfoliatum)
Joe Pye Weed " Purpureum.
Cranberry. rare- 1/4 to 1/2 inch in diameter
Fist-weed. (Epilobium Angustifolium).
Bay-berry Myrica Carolinensis
Cadu-lead, (Rhexia Virginica)
Arrow-head-leaf-thumb-a.
(Polygonum Sagittatum).
Polygala Sanguinea almost white
and Cran-berry Milk-wort (Polygala

L. H. Bridgman & Company, Inc. Printers, New York

Cruciata) Ov Shut-leaved Mitre-wort (Polygala brevifolia) I cannot tell which.
Golden Saxifrage (Chrysosplenium Americanum)
Pearly Everlasting (Anaphalis Margaritacea) ✓

Oct 1st near Marsh-land - Arum. Lettuce or Compass plant. (Lactuca Scariola) ✓

August 11th In the Morning walked by a creek to Plum Island Meadows & beyond, home by way of Malden. Rained a Cool morning.
Indian Tobacco - (Lobelia Inflata) ✓
Monkey-flower. (Mimulus Ringens) ✓
Jewel-weed. (Impatiens fulva)
Much beautiful Tall Pye weed
Eupatorium. Purpureum
Ague Thoroughwort - (Eupatorium Album) ✓

L. J. Bigelow & Co. Printers New York

Upland-Boneset ? (Eupatorium Sessilifolium)
Partridge-pea (Cassia Chamaecrista) ✓
Wild Sensitive plant ? (Cassia Nictitans) ✓
Common Dodder (Cuscuta Gronovii) ✓
Solomons Seal (Polygonatum Pubescens) ✓
False Solomons Seal (Smilacina Stellata)
Canada Mayflower - False Sol, of the Valley
(Maianthemum Canadense)
All three of the above in berry.
Wild-Aster — Sweet-Pepper bush ✓
(Aster Alnifolius)
?, Cinquefoil (Potentilla Monspeliensis)

Aug 11th P.M. 1/2 hour on
Plains East of R.R. near
Cultivated land.
Prickly lettuce (Lactuca Scariola)
Climbing False buckwheat (Polygonum
Scandens or Fringed Black bind-Weed
(Polygonum Cilinode) uncertain
which.
Two different plant Resembling
Chenopodium - Could not identify

Aug 30th Drove to Fairbury to
Bly-Shaw. Left me at Hotel
with Eric & Bill.

1917

August 25- with Eric & Bill.
Left by Ranger & walked to Oyster-
Bay (leaving there 4.00 P.M.
Joe-Pye Weed, (Eupatorium Purpureum)
12 ft-high. Lobelia Cardinalis in
a wood near Locust Valley.
Indian-tobacco. (Lobelia Inflata)
Horse-mint (Eupatorium Coronopifolium?)
Ragweed. or Cannabis. (Anthemis
Cotula.) Ragweed (Ambrosia Trifida)
Nightshade (Solanum Dulcamara)
Catnip (Nepeta Cataria)
Smart-weed Mullein (Hydropiper Mollis)
Jewell Weed (Impatiens Fulva.)
Pennsylvania Persicaria (Polygonum Persicaria)
Dry Common Evening-primrose
Knot-grass (Polygonum Aviculare)
Small-mouth Water-pepper
(Polygonum Hydropiperoides) the last
two Sorts.
Gerardia Sterilis Indian-tobacco

L. H. BIGELOW & J. ARTHUR, 150 Nassau St. New York

(Spiranthes Gracilis)
Nyssa sylvatica Decandra - Pepe-bush -
very conspicuous
(Eupatorium - Hyssopifolium -) ? also
very common at "Garden City" -
The plants quantities of Elder berries
& nice bunches during Clusters (Sambucus Canadensis
Staghorn Sumac (Rhus typhina)
Scarlet-fruited - and occasional,
White-berry-bush (Actea alba)
False Spikenard (Smilacina racemosa)
and many others in berry or
fruit. Sumacs & other foliage
beginning to turn -

L. H. Bailey & Company, Publishers, New York

August 28 — 1917 Wheel to Valley Stream with Betty in morning — beautiful day. Golden yellow Aster (Chrysopsis Mariana) Tall white Aster (Pyrenanthes) Fringed Gentian (Gentiana crinita) Joe-Pye-weed (Eupatorium purpureum) in brilliant masses of color. Hairy Wood Sunflower (Helianthus divaricatus) with narrow leaves. Swamp Beauty or Dew-plant (Rhexia Virginica) not common. Not in bloom Lobelia Cardinalis Ironweed (Vernonia Noveboracensis) A few Fringed Gentian in Hempstead Plains (Sisyrinchium) but the leaves are not browned. Narrow-leaved Sunflower.

L. H. BIGELOW & COMPANY, MALDEN, NEW YORK

Very small Marsh weed or water-pepper
(Polygonum Hydropiper) in wet places
with characteristic drooping flower spikes
which flowers. Very well named &
might make a good condiment.
Golden rod [illegible] the most
common Color except green in
May flowers. It has white
Color

August 21st. Ten plants named
by Mr. Blanchard Gardner -

1- Hyssop Hedge Nettle. (Stachys
hirsuta) -
2- Blue Curls - Basil Penny royal -
Trichostema dichotomum)
3- Slender Golden-rod -
(Solidago Tenuifolia)
(Euthamia Tenuifolia)

LIT. BROS. & PUBLISHERS NEW YORK

1917

4 – Orange - Grass - Pine - weed.
(Hypericum Gentianoides)
(Sarothra Gentianoides.)

5 – Nuttalls Milk-weed.
(Polygala Nuttallii)
very small almost Colorless heads of flowers.

6 – Polygala Viridescens. Clover like head of flowers. Some deep purple.

7 – Creeping Thyme. (Thymus Serpyllum)

8 – Hyssop-leaved - Thoro-wort.
Eupatorium hyssopifolium

9. Rough Hawk-weed (Hieracium scabrum)

10 – Agalinis acuta. [illegible] Grand Duomitosa.

L. H. Bigelow & Company Printers New York

August 31 - The Golden-Rod Mint in Cadmus now the Slender-leaved golden-Rod (Solidago tenuifolia) and next in bloom Lance-leaved Golden Rod (Solidago graminifolia) on the plains.
Some branched Hyssop-leaved boneset (Eupatorium hyssopifolium) On the Golf links our Lance plant - Purple Star Thistle? (Centaurea Calcitrapa)

September Golden Aster - Sept. plant - 8th last. Narrow leaved Vervain? (Verbena) (Physalis viscosa now acuta) (Physalis acuta)
The last bright pink Color. The flowers on the plant blooming in perfection. As early as the Violet, growing on the Lawn Sept-

in Spring. The [illegible]
Rue-Bars turning to the autumn.
Cotton Yellow leaves [illegible]
and the Stems are [illegible]
when the Sun is near the horizon
the light reflected from [illegible]
long white seed coat makes the
prairie a very beautiful
sight. Clumps of Golden-Rod are
seen in Flower. Where the Sand-
leaved (Solidago Ptarmicoides) and the
Rough-leaved (Solidago Asperula Mich)
are growing together the latter
only are Covered by a Honey bottle.

Rough Hawk-weed (Hieracium Scabrum)
Tall, in flower 7 feet. with little
bunches of brown fluffy Down seed.
Ruellia Eggs (Leucaria Virginiana L.)
Hop Vine (Humulus Lupulus)
Wild Carrot (Daucus Carota)

L. H. Bailey & Company, Inc. Ithaca, New York

Yarrow. (Achillea millefolium)
Creeping Thyme (Thymus Serpyllum)
is beautiful early in June.
The Hairy Vetch (Vicia villosa)
Now in full of its abundance
Twelfth on the map of the grounds
as English Mary.
Wonderful masses of Pennsylvanicum
Orientale (Polygonum Pennsylvanicum
is dark pink here, across
Cultivated fields then it would be
Mass of Color.
Slender Radish leaves (Stenanthium gracile)
Wand-like in Blue Hill (Campanula
[illegible]) on the Golf links.
Star Grass (Hypoxis hirsuta)
[illegible] Wahlbergii
" Lindleyana
" Sempervirens
Evening Primrose (Oenothera biennis)
in bloom during the day.

E. H. Boehm & Company, Waverly, New York

Blue Curls (Trichostema dichotomum)
Hyssop Hedge Nettle (Stachys hyssopifolia)
Prairie Grass of Paris weed (Hypericum
Gentianoides), all these [illegible],
Scarce.
Wild Indigo (Baptisia alba) gain
[illegible] on the [illegible] here. Shrub
& beautiful dense green [illegible]
[illegible] of Pearl, [illegible]
Orchids [illegible]
Sweet Everlasting, (Gnaphalium
[illegible] Gnaphalium) Among moss and
